

A Gastronomic Journey

Who could imagine that a successful pairing of coffee and cheese creates harmony among contrasting flavours and accentuates complementary characteristics! InKo Centre is delighted to present Käse's cheese and coffee pairing sessions, in collaboration with a Chennai-based gourmet coffee roaster. The session is about 45 minutes long, with 3 courses of pairing- 3 coffee paired with 6 types of cheese and rounded off with a delicious serving of *patbingsu*, a quintessential traditional Korean dessert! The session includes insights on pairing, how it works, what flavours to look in addition to sipping, tasting and relishing the burst of delicately nuanced flavours!
